PROGRAMME

ABOUT ESPGHAN

WHO WE ARE

We are a multi-professional organisation dedicated to the promotion of the health of children with special regard to the gastrointestinal tract, the liver and nutritional status. Our members include clinicians, scientists, trainees, and allied health professionals.

WHAT WE DO

- Provide representation for professionals involved in paediatric gastroenterology, hepatology and nutrition
- Promote basic, translational and clinical science
- Lobby for stronger support of research
- Offer the highest standards of education to our members and other involved professionals
- Focus attention on new investigators and trainees to ensure they are supported and encouraged
- Serve as a source of competent advice for governments, international agencies, and relevant stakeholders

HOW WE DO IT

We achieve the above by knowledge creation, the dissemination of science based information, the promotion of best practice in the delivery of care, and the provision of high quality education for paediatric gastroenterology, hepatology and nutrition professionals in Europe and beyond.

HOW TO JOIN US

For information on different membership types and application procedure please visit our website www.espghan.org/join-the-network or contact the ESPGHAN Office via office@espghan.org.
